

# VACCINE EQUITY OUTREACH ACROSS NORTHERN COLORADO

In response to the COVID-19 pandemic & the Mpox outbreak, we committed to prioritizing the health of the LGBTQ+ community in Boulder County and beyond. Our health equity work has included promoting vaccine equity, access to masks and tests, community education, research, and more.

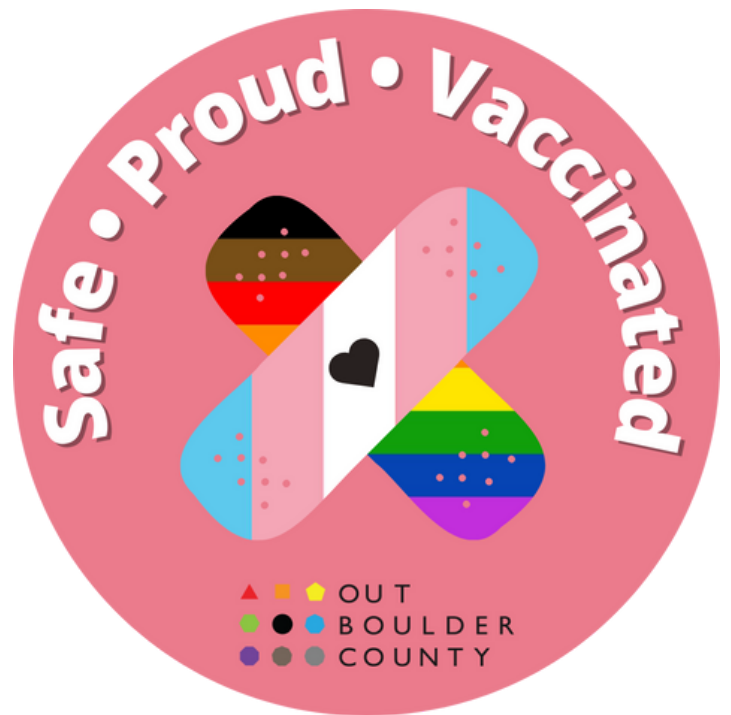

## WHAT THIS PROGRAM HAS TO OFFER:

In partnership with local health departments and community organizations, we host mobile vaccine clinics and educational vaccination programming for the LGBTQ+ community & our allies across northern Colorado.

### COUNTIES SERVED:

- Adams
- Boulder
- Jefferson
- Larimer
- Weld

Reach out if you're interested about coordinating a mobile vaccine clinic with your organization!

Through social media campaigns, our newsletter, community events, and research projects, we share and educate on new information as the COVID-19 pandemic evolves and our community adapts to the ever-changing landscape of viral disease prevention.

We provide free masks and COVID-19 rapid antigen tests to help keep our communities safe and healthy. Please drop by our office at 3340 Mitchell Ln. Boulder, CO 80301 to pick them up.
